Re: Governor's Executive Order number 20-91 dated April 1, 2020

Dear Sir:

On April 1, 2020, the governor of Florida issued Executive Order number 20-91 ("Governor's Order") to wit, "all persons in Florida to shall limit their movements and personal interactions outside of their home to only those necessary to obtain or provide essential services or conduct essential activities." *Id. at §1.*

Persons performing or supporting essential services are exempt from the order. Essential Service is described in the Governor's Order at section 2 citing the *Guidance on the Essential Critical Infrastructure Workforce: Ensuring Community and National Resilience In COVID-19 Response v.2* (March 28, 2020) ("CISA memo"). Persons supporting crucial supply chains and enable functions for critical infrastructure are also included. *Id. at p1.*

Because AccuTools supports "[w]orkers such as plumbers, electricians, exterminators, and other service providers who provide services that are necessary to maintaining the safety, sanitation, and essential operation of residences" it is exempt under the CISA memo. *Id. at Public Works.* Moreover "Workers distributing, servicing, repairing, installing residential and commercial HVAC systems, boilers, furnaces and other heating, cooling, refrigeration, and ventilation equipment." *Id. at Commercial Facilities.*

The below-named persons are employed by AccuTools to perform these supporting roles and are exempt from the Governor's Order for the above reasons.

Dennis Cardinale
Brenden Opris

Linda Hessing
Cornel Opris

Wayne Jones
William
